Activities

Tinaroo Environmental Education Centre is able to accommodate small and large school groups from older Primary through to Year 12, allowing students to immerse themselves in outdoor and environmental educational activities.

School camps provide an exciting and inclusive environment for young people to be active, develop competence in life skills, learn about and enhance their abilities, and benefit from interactive hands on activities directly linked to the Australian Curriculum.

The outdoor environment encourages skills such as problem-solving, independence, negotiating risk and social and emotional skills – all essential for student development.

Partnering with TEEC will ensure your students get the most out of their school camp experience.

With the Tinaroo Environmental Education Centre (TEEC), you can:

EMPOWER YOUNG PEOPLE TO THRIVE
