We hope you will permit your child to attend, as over the three days and two-night period the students will be involved in a variety of group discussions and activities that we believe will help them understand and develop their natural leadership qualities.

Some of the discussion topics/activities we will be focusing on are: decision-making, role-play, communication, speech-making, expectations, trust and initiative tasks, group co-operation, and team work. Students will have the opportunity to use the canoes and swim at various supervised times during the camp.

Please have your son/daughter wear their school uniform and badge on the first day for group photographs. Camp clothes will be worn for the remainder of the camp.

Yours faithfully,
