

# Investing for Success

Under this agreement for 2018

Tinaroo Environmental Education Centre will receive

**\$5,178\***

## This funding will be used to

- Support our explicit improvement agenda developed from feedback received in our ISR in 2015.
- In 2018, we will focus on three specific areas of student learning:
  - Biodiversity Conservation (our Sustainability focus)
  - Two of our “Keys to Success”: ‘Getting Along’ and ‘Resilience’ (our Personal and Social capability focus).
- Our “Capability Development” for 2018 will focus on these three areas.
- Data collection will measure improved student learning in these three areas.

## Our initiatives include

- The development and production of:
  - Three short videos that will engage and instruct students in each of our focus areas.
  - Three online surveys that will measure improved student knowledge in each of these areas.
- The videos will be available for use in two locations:
  - Onsite by visiting students, using our Centre iPads.
  - Offsite by teachers and students via our website and during pre-visits.
- Practical application of these skills in the context of camp programs.
- In addition to the survey data to be collected, a teacher facilitated debrief process will further evaluate student learning.
- Teacher relief to allow for this work to be completed.

## Our school will improve student outcomes by

- Tinaroo Environmental Education Centre staff will develop and produce the surveys.
- The services of a professional will be engaged to develop and produce the videos.
- Each student who visits will have the opportunity to view the videos, apply the knowledge and complete the surveys.
- Students' experiences and understandings will be enhanced with our explicit approach to these three focus areas.
