

Tinaroo Environmental Education Centre

School review conducted 4 to 5 October 2023

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ An inclusive environment that positions all students for success.
- ✓ A learning centre with passionate staff.
- ✓ Quality and engaging teaching and learning.
- ✓ The centre is described as 'iconic to this region'.

Consultation

Total of 47 interviews

16 community members and stakeholders

17 school staff

9 students

5 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➡ Collaboratively review the values and beliefs of the centre to support a shared understanding of prioritised practices and processes aligned to future opportunities and challenges.
- ➡ Develop a Curriculum, Assessment and Reporting Plan which documents a clear and consistent process to assist in implementing and monitoring the Australian Curriculum.
- ➡ Collaboratively revise with visiting schools, curriculum programs and delivery to provide a sequenced, integrated learning program for students before, during and after the camping experience.
- ➡ Develop professional learning plans for centre staff, with accompanying goals and timelines, to identify and address capability needs, career aspirations and staffing requirements.
- ➡ Develop a formalised data plan to provide a clear process for data collection and analysis.
- ➡ Strengthen partnerships, including those with First Nations people, to influence centre priorities and pursue future relevant partnerships to provide appropriate learning opportunities for students.
